

Know Your Truth

Presenter

Nadia King

After a lifetime of reading, Nadia L King, turned to writing fiction. She shares her love of books, and why she believes stories can change lives. Nadia was inspired to write her debut novel, Jenna's Truth, after hearing the story of Canadian teen, Amanda Todd, who died after extensive bullying. Nadia believes we all have the power to make a positive impact on the world and she inspires teens to chase down their dreams, and above all, to be true to themselves. She believes storytelling is what makes us profoundly human, and shares her journey of how she came to write YA fiction. An inspiring presentation for young and old.
